

We need your support. Sponsor Healing the Voice Within event in support of The Gatehouse Child Abuse Investigation & Support Site. Sponsorship levels are included in this package on page 3. Ticket information for the 2023 event is available [here](#).

The Healing the Voice Within event is scheduled for October 5, 2023, from 7 pm to 10 pm at Toronto's Liberty Grand. This annual event plays a pivotal role in sustaining The Gatehouse's essential peer support and counseling services for survivors of childhood sexual abuse.

Healing the Voice Within is a pivotal event that amplifies the voices of survivors, raises awareness about The Gatehouse's invaluable work, and generates vital funds for its programs. We are honored to announce that Chris deGale, Officer in Charge of the O Division Integrated National Security Enforcement Team (OINSET), will be our keynote speaker this year. The event is endorsed by prominent figures such as Silvia Gualtieri, Constable Tony Vella of the Toronto Police Service, Superintendent Ron Taverner, Toronto Police Service, Dr. Alok Mukherjee, Former Chair of the Toronto Police Services Board, Pat Di Donato, Executive Vice President of Liberty Grand Entertainment Group, and David Butt, a well-known and respected lawyer.

The event will feature a collection of compelling art pieces donated by local and established artists, along with a silent and live auction, and live entertainment. These elements collectively support The Gatehouse's programs, including peer support groups, and individual counselling services, and expressive arts therapy.

### **About The Gatehouse**

The Gatehouse is a unique community-based organization that provides vital assistance to those affected by childhood sexual abuse. Situated in Toronto's Lakeshore area, The Gatehouse collaborates with individuals, community organizations, and educational institutions to address the trauma of childhood sexual abuse. The organization offers training and placement opportunities for students pursuing degrees in fields such as criminal justice, social work, and community services, fostering a holistic approach to healing.

Moreover, The Gatehouse hosts the Annual International Transforming Trauma Conference, which facilitates global collaboration among organizations dedicated to empowering survivors of childhood sexual abuse. Additionally, The Gatehouse provides a secure environment for police officers to interview child victims of sexual violence, demonstrating its commitment to supporting survivors and law enforcement alike.

For over 25 years, The Gatehouse has provided survivors with a safe space for healing circle discussions, enabling them to reclaim their voices and find solace. These programs have extended to virtual platforms since March 2020, enabling

nationwide support for survivors. Through peer-led group discussions and online resources, survivors are empowered to address the mental health challenges stemming from childhood sexual abuse.

We invite you to consider becoming a crucial part of our community's effort to heal and empower survivors of childhood sexual abuse. Please don't hesitate to reach out to me for more information about this life-changing event and our initiatives.
